

Want to be a Doctor or Pharmacist? Maybe a Nurse or Respiratory Therapist? We can show you what it's *a//* about!

**Rady Children's Hospital—San Diego, in collaboration with
UC San Diego School of Medicine, UC San Diego Health and
Skaggs School of Pharmacy and Pharmaceutical Sciences presents:**

Summer Medical Academy

**July 11—22, 2016
Mon-Fri, 9 a.m. to 4:30 p.m.**

The Details

The Summer Medical Academy is seeking highly motivated students who are interested in health professions including medicine and pharmacy. Students who will be 15-19 years of age in July 2016 are eligible.

In this experience of a lifetime, students will:

- Practice hands-on clinical skills such as casting, IV insertion, resuscitation, suturing and wound management, all led by medical professionals
- Delve into the evolving world of medicine, surgery, trauma, genomics, and emergency response
- Experience the excitement of high-tech clinical simulation and imaging
- Interact with medical faculty, physicians-in-training and other health professionals

General tuition : \$1975 partially tax deductible, supporting [FACES for the Future San Diego](http://facesforthefuture.org/san-diego/san-diego.html), <http://facesforthefuture.org/san-diego/san-diego.html>

Tuition covers all course and lab materials, scrubs, field trip transportation and daily lunch. Parking and daily transportation not included.

For more information and an application, go to <http://www.helpsdkids.org/summermedicalacademy> or call Tricia at 858-966-7748

"Amazing experience!"
"I learned so much; such a great opportunity"
"My eyes were opened to a lot more medical professions and areas of expertise."
"SMA helped spark interests that I never would otherwise have realized."
"It definitely inspired me!"
